Eeyore's Tail: Lavender colored yarn, and "chocolate" brown colored yarn for the hair.

- Using the magic circle technique, make 6 sc into the magic circle.
- Make 2sc into every stitch around for one round. (12 total)
- Join the brown yarn, and start the loops for the hair the same way that you did for the hair piece. Cut the lavender colored yarn for now (Make sure that you tie a knot). We will join the lavender yarn again, after finishing the tail hair.**
- Make 1 round of loops for hair. You can bring the magic circle loose yarn end through to the center of the tail (We won't be turning the tail inside out).

Increase round with your brown yarn:

- *Make 1sc in one stitch and 2sc into the second stitch. Repeat from * for one round. (18 total)
- Continue to alternate the loops of hair round with 1-2 rounds of 1sc in every stitch until your tail measures approximately 3 inches.
- Join the lavender colored yarn. Cut the brown colored yarn.** Make 1sc in every stitch around until you have completed 48 rounds (I would recommend adding craft stuffing as you complete the rounds. I wouldn't recommend over stuffing the tail).
- Slst. FO. Leave a long loose yarn end for sewing the tail on the donkey.

Pattern by Helen Brady, inspired by Disney's pattern.
